BMC Helix Operations Management Migration: Essential Subscription

Certification   Web-based Training

ASP   Instructor-led Training

About the subscription:

BMC Helix Operations Management is a SaaS-based solution that covers monitoring, event management, and other ITOM capabilities. It features a modern user experience and automated workflows to streamline monitoring and event management.

This subscription provides insight into the migration process of TrueSight Operations Management (TSOM) to BMC Helix Operations Management (BHOM). You will be introduced to a variety of topics and content that explain and discuss the different aspects of the migration process.

About the Training Target Group – User Responsibilities:

- Discuss the need for migration
- Discuss the tools required in the Migration process
- Describe the key functionalities of Migration
- Explain the TSOM Health Check tool
- Migrate monitoring and alarm policies using the BHOM Policy Migrator tool and PCM to Policy Converter tool
- Migrate TSOM PATROL agents to the BHOM tenant using the BHOM PATROL Agent Migrator tool
- Analyze the working of the Event Migration Utility tool and migrate the classes, rules, and policies

Recommended for: Administrators, Consultants

Applicable Versions: 22.x
